Catch the premiere at the Bolshoi Theatre. A virtuoso performance of the cybersecurity symphony on one of the world's greatest stages. Cultural assets in safe hands.

Libretto

An ever-growing number of cyberattacks. Sophisticated cyberthreats. The age of hacktivism is upon us. The world's iconic sites are being targeted by attackers. The Bolshoi Theatre, a global cultural asset, needs reliable protection.

Enter Kaspersky's cybersecurity virtuosos. They are building an impregnable cyber-bastion around this both national and global cultural treasure.

The Bolshoi's cybersecurity relies upon cutting-edge protection of email workplace and virtual server infrastructure. Kaspersky experts themselves handle the most sophisticated cyberattacks as part of the company's MDR service. They guard all entrances to the digital fortress 24/7, ready for any curveball that may be thrown at it.
